R. L. MOELLER, POPULAR
Y. M. C. A. SECRETARY, RESIGNS.

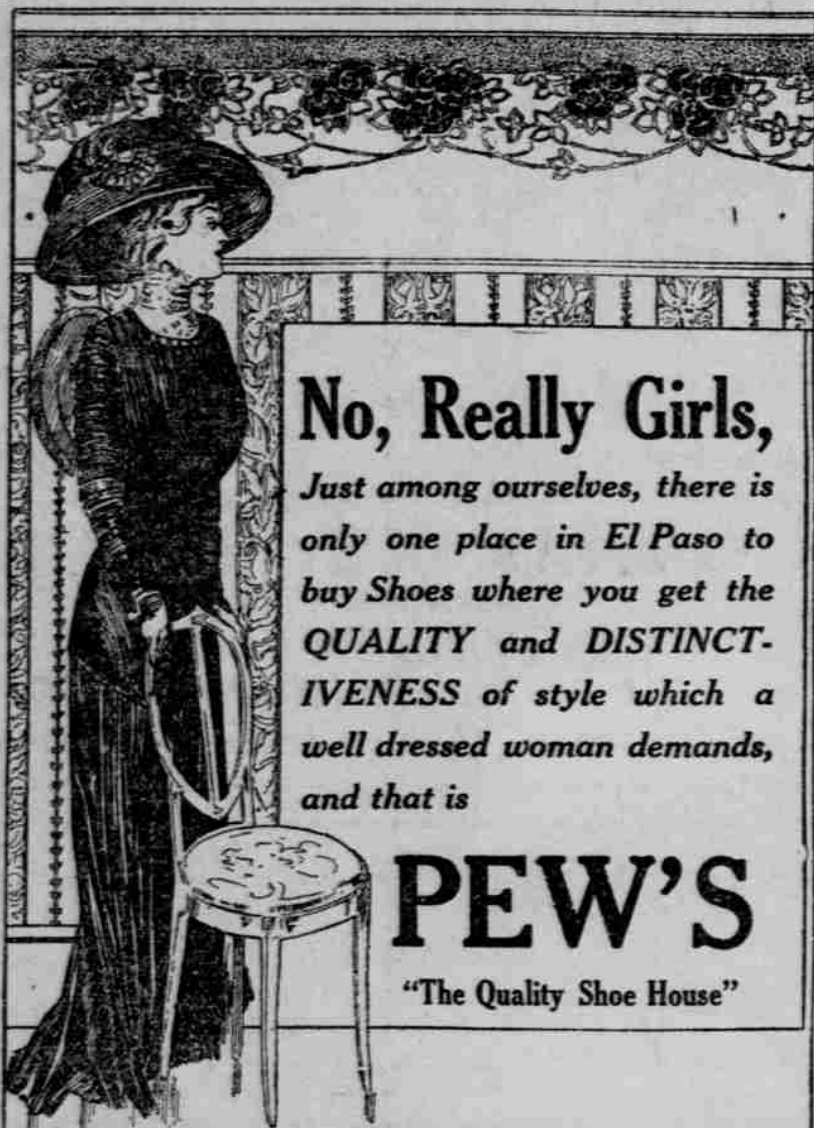

Goes to Reno, Nevada, to Assist General Secretary C. G. Titus—Was Leading Spirit in the Local Association.

El Paso is to lose another trained Y. M. C. A. worker. R. L. Moeller, assistant secretary of the local association, and one of its most active men, has resigned and will leave Tuesday for Reno, Nev., to join former general secretary C. G. Titus, and will assist in a ten-days' whirlwind building campaign for the Reno association. His resignation will be effective on June 15, and after the close of the campaign in Reno, the assistant secretary will take up general secretary work.

Graduating from the Central Training school for Y. M. C. A. secretaries at Chicago, Mr. Moeller was appointed general secretary of the Oskaloosa, Iowa, association in 1907. From there he came to El Paso as assistant secretary in charge of the educational and social work of the El Paso association. During the time that he had these departments in charge he organized the Forum, the strongest organization in the El Paso Y. M. C. A., and was the moving spirit in the management of the chautauque, which was given here last fall with William Jennings Bryan, Joseph W. Folk and other high-class speakers.

EXPANSION SALE

MONDAY we enter upon the second week of the Expansion Sale with a vim and energy which is bound to accomplish great things. Time admits of no delay and every day brings us nearer to the time when all around us is the turmoil that is an unavoidable part of the reconstruction. And now, to hasten the reduction of the stock, to avoid as far as possible all damage to our merchandise, we have pressed down to an even lower level the already low prices of the first week.

The Garment Section Exemplifies the Power of the Values Given in this Store

The minimum of price in conjunction with the maximum of quality forms an irresistible combination. We've gone to the extreme in our underpricing of women's garments with the sole idea of quick clearance. To what extreme we've gone is shown by the grand offerings we have in readiness for Monday's shoppers. To save a half—or a third of a price is well worth the consideration of even the most extravagant—and that is the opportunity we offer.
